

**Do you have an EXCITING JOB?**

**Could you INSPIRE our Year 5 and 6 children to follow you into your line of work in the future?**

### What is it?

A **careers event** with a **difference**. We strive for our children to achieve the **highest** things possible, both **now** and in the **future**. At age 10/11, we want our children to have a **clear idea** of what career path they want to follow in the future so they can make **sound decisions** about their **education** now and in the future so that they can be whatever they want to be...

In order to do this, they need the **knowledge** of what different careers involve. That is where **you** come in. You will provide **clear details** about your job and how **skills** that children will learn at school will play a part in it. Most importantly, we want you to **inspire** our children with a **WOW factor** about why your career is the one they should choose for themselves...

### How it will work...

A range of careers will be represented by colleagues in one room. Children will come to your stall in small groups and ask you about your career, what it involves and how their schooling can contribute towards it.

If you are able to bring or do anything to WOW the children (activities, artefacts etc) that are relevant to your career, then please do!
