Introduction

To ensure that children receive their full entitlement to teaching and learning opportunities at Keresley Newland Primary Academy all children should be at school, on time, every day that the school is open, unless the reason for absence is unavoidable.

This policy sets out how we look to work with families to achieve this goal.

It is expected that parents actively value the importance of education provided by Keresley Newland Primary Academy for their children. The importance placed on regular attendance and punctuality is explained to parents when they first enrol their child in the school. Good attendance is essential for pupils to get the most out of their time at school including their academic attainment, social and wellbeing experiences and wider life choices and opportunities. For the most vulnerable children regular attendance is also a protective factor and allows schools the best opportunity to identify and support any needs.

Aims/Objectives:

We will always encourage pupils to strive for 100% attendance, however, we will work with families on an individual basis to support their best attendance possible. We will do this by:

- Keep improving the overall percentage of pupils at school.
- Make attendance and punctuality a priority for all those associated with the school including pupils, parents, teachers and governors.
- Develop a framework which defines agreed roles and responsibilities and promotes consistency in carrying out designated tasks.
- Provide understanding, support, advice and guidance to parents and pupils.
- Further develop positive and consistent communication between home and school.
- Implement a system of rewards and interventions, that compliment the Tiered Approach.
- Promote effective partnerships with the Warwickshire Attendance Service (WAS) and with other services and agencies.
- Recognise the needs of the individual pupil when planning reintegration following significant periods of absence.
- Develop a systematic approach to gathering and analysing attendance related data.

Statutory Duty of Schools:

Under The Education (Pupil Registration) (England) Regulations 2006, our governing body is responsible for making sure that the school keeps an attendance register that records which pupils are present or absent at the start of both the morning and the afternoon sessions of the school day. This register will also indicate whether an absence was authorised or unauthorised.

An entry must be made on the attendance register for all pupils of compulsory school age who are on the school's admission roll. We follow Department for Education (DfE) guidance when coding attendance for Nursery children. In line with the Charlie Taylor report on Improving Attendance (2012), we monitor the attendance of our children and aim to support parents in improving attendance where there is a concern. The register must record whether the child was:

- present;
- absent;
- attending an approved educational activity; or
- attendance not possible

Parents/carers have a legal responsibility to ensure their children receive efficient, full-time education by regular attendance at school or otherwise under section 7 of the Education Act 1996.

The legal status of school registers is regularly stressed to all school staff and meticulous effort is made to ensure they are accurately kept. **A register is taken for each morning and afternoon school session.** New staff are provided with training in both the detail of accurate register marking, and methods and strategies for encouraging pupils to be punctual and regular in their attendance.

Parental Responsibility And / Or Day-To-Day Carer:

Parents/guardians have a legal responsibility to ensure that their children receive efficient, full-time education by regular attendance at school or otherwise under section 7 of the Education Act 1996: -

'Duty of parents to secure education of children of compulsory school age.

The parent of every child of compulsory school age shall cause him to receive efficient full-time education suitable—

(a) to his age, ability and aptitude, and

(b) to any special educational needs, he may have, either by regular attendance at school or otherwise.'

Estranged Parents with whom the child has had regular contact may be prosecuted for non-attendance at school as well as the day-to-day carer. Each situation must be dealt with on an individual basis, always remembering the welfare and safety of the child is the paramount concern. The term 'parent' also includes those who are not a natural parent but have parental responsibility for the child as defined by the Children Act 1989 or who have care of the child as defined by the Education Act 1996.

Legal Framework:

The Education Act 1996 requires parents or guardians to ensure their children receive efficient, full-time education suitable to their age, ability and aptitude; to any special educational needs they may have, either by regular attendance at school or otherwise.

A child is of Compulsory School Age at the beginning of the term following their 5th birthday.

Prosecution:

Under the Education Act 1996, the Local Authority has a statutory responsibility to ensure that parents secure education for children of compulsory school age and where necessary, use legal enforcement.

If a child of compulsory school age fails to regularly attend the school which he/she is registered at, then the parent/guardian is guilty of an offence under section 444 of the Education Act 1996.

Penalty Notice:

Section 23 of the Anti-Social Behaviour Act 2003 introduced new powers for designated Local Education Officers, Head teachers and the police to issue penalty notices for unauthorised absence from school. The Education (Penalty Notices) (England) Regulations 2004 came into force on 27 February 2004. Penalty notices must be issued in a manner which conforms to all requirements of the Human Rights Act and all relevant Equal Opportunities Legislation. To this aim the Local Authority has a Code of Conduct in relation to issuing Penalty Notices.

Failure to pay the Penalty Notice may result in a prosecution under Section 444 of the Education Act 1996 for failing to ensure a pupil's attendance at school.

How to Report an Absence:

All absence should be reported to the School Office not the class teacher. Absences should be reported by the child's parent/carer (not family friends or siblings) on the morning that a child is not in school. Parents/carers are asked to contact the school by 9.30am.

Absences should be reported via Studybugs or by telephone call in all circumstances. If no reason is provided, a text message or phone call will be sent home asking for the reason for absence. Failure to contact the school is likely to result in a home visit.

Parents/carers who are in school on the day their child is absent due to illness (i.e. they are dropping off a sibling), need to inform the School Office of the absence, rather than by verbal message in the playground to class teachers. This ensures that the absence is properly recorded.

Parents/carers are asked to call on each day of absence. A message can be left via Studybugs or on the school telephone/answer service, providing the child's name, class, reason for absence and an expected date of return. If the absence is likely to be prolonged, the school needs to be informed as early as possible so that, if necessary, the school can offer appropriate support.

Any absences for which the school have received no explanation or when the school has reason to doubt the offered explanation will be recorded as an unauthorised absence.

When notifying the school of planned absence (e.g. medical appointments, visits to secondary schools, etc.), a written note needs to be sent into school via Studybugs or email which can be kept in the register to inform both teachers and office staff.

A member of the school Senior Leadership Team (SLT) will phone families where a child is absent from school and overall attendance is not satisfactory. This is to support families in removing barriers preventing attendance wherever we can do. Children with Persistent Absence may receive a home visit on Day 1, and will be likely to receive a visit by Day 3. Children with Severe Absence from school will be likely to receive a home visit on Day 1 of their absence, and will be visited regularly by familiar school staff to support positive and continued relationships with school and to support families with returning children to school as soon as is possible. The purpose of all home visits is to support children with maintaining positive relationships with familiar school staff and support families in removing barriers preventing attendance wherever we can do. Home visits are stated as an expectations for schools in *Working Together To Improve School Attendance*. (p.14 DFE, August 2024)

Categories of Absence:

There are two categories of absence:

- (i) Authorised (approved)
- (ii) Unauthorised (not approved)

Absences can only be authorised by the Head Teacher (or designated member of staff).

Authorised Absence:

An absence is classified as authorised when a child has been away from school for a legitimate reason and the school has received notification from a parent. For example, if the child has been unwell and the parents notifies the school to explain the absence.

Only the school can authorise an absence, parents **do not** have this authority. Consequently, not all absences supported by parents will be classified as authorised e.g. shopping trips & birthdays.

Unauthorised Absence:

An absence is classified as unauthorised when a child is away from school without the permission of the school. Therefore, an absence can be unauthorised even if the child is absent with the support of a parent i.e. Leave of Absence for the purpose of a family holiday.

Additionally, any child with overall attendance below 90% will be required to provide medical proof if they are absent for more than 2 consecutive days. This can be proof of a doctors/dentist appointment or prescribed medication. Failure to provide this will result in the absence being recorded as unauthorised.

Punctuality:

When pupils arrive late, they miss out on essential instructions given at the beginning of the lesson and also key morning activities. This can contribute to significantly reducing achievement, regardless of academic ability. It is also disruptive to the classroom and your child may feel awkward arriving when the classroom is quiet and everyone else is settled.

The school day officially starts at 8.55am, when the register is taken. If a child arrives after 9:00am and before 9:30am they will be marked as late and receive an ‘L’ code. **If a child arrives in school after 9.30am, registration will have closed and the child will receive a ‘U’ code, which is an unauthorised absence mark.**

All pupils arriving late to school must sign in at the school office and reasons for lateness are required for the school records.

Morning session

Registration	8.55am
Close of Register (unauthorised late)	9.30am

Afternoon Session

Registers in the afternoon are staggered reflecting lunchtimes:

EYFS – 1pm

Years 1-6 – 1.15pm

Punctuality is vitally important and is a life skill that reaches into employment in later life. Pupils who are persistently late are disrupting not only their own education but also that of others. 10 minutes of lateness a day is equal to 31 hours of education being lost per academic year.

Where persistent lateness gives cause for concern, a Punctuality Letter will be sent to notify a child’s parents / carers of the lateness also offering them the opportunity to discuss this. If punctuality remains of concern, the child / parents may be invited to a meeting to discuss this, to enable the reasons for lateness to be understood. If appropriate, a Punctuality Action Plan will be put in place.

Where the total attendance of a child whose punctuality is of concern falls below the whole school attendance target, the Tiered Approach of this policy will have precedence.

The Multi-Tiered System of Support:

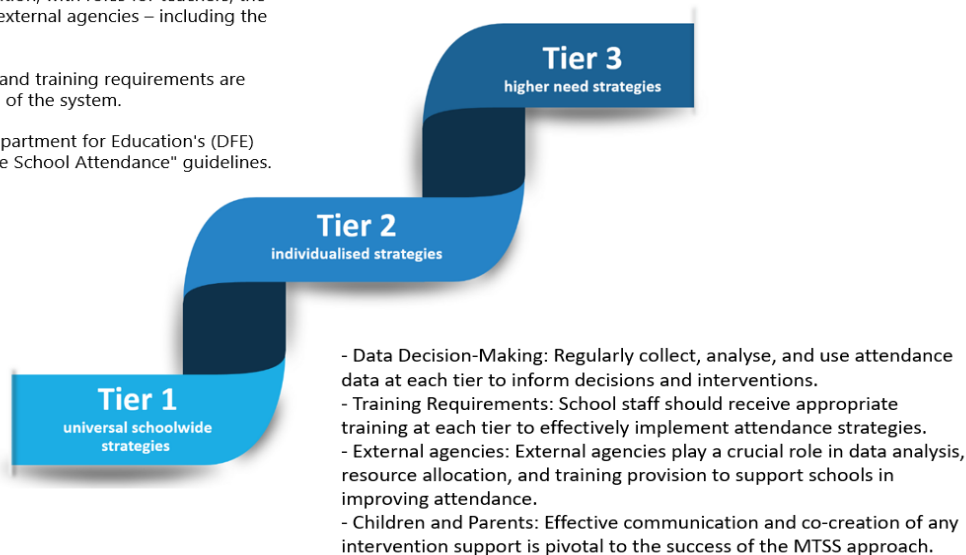

The principle of this approach is that we are all responsible for good attendance, and this includes all members of the school team, families, children as they mature and also carers.

The Tiered Approach:

A Multi-Tiered System of Support (MTSS) for school attendance involves three tiers of intervention, with roles for teachers, the school, children, parents and external agencies – including the Local Authority.

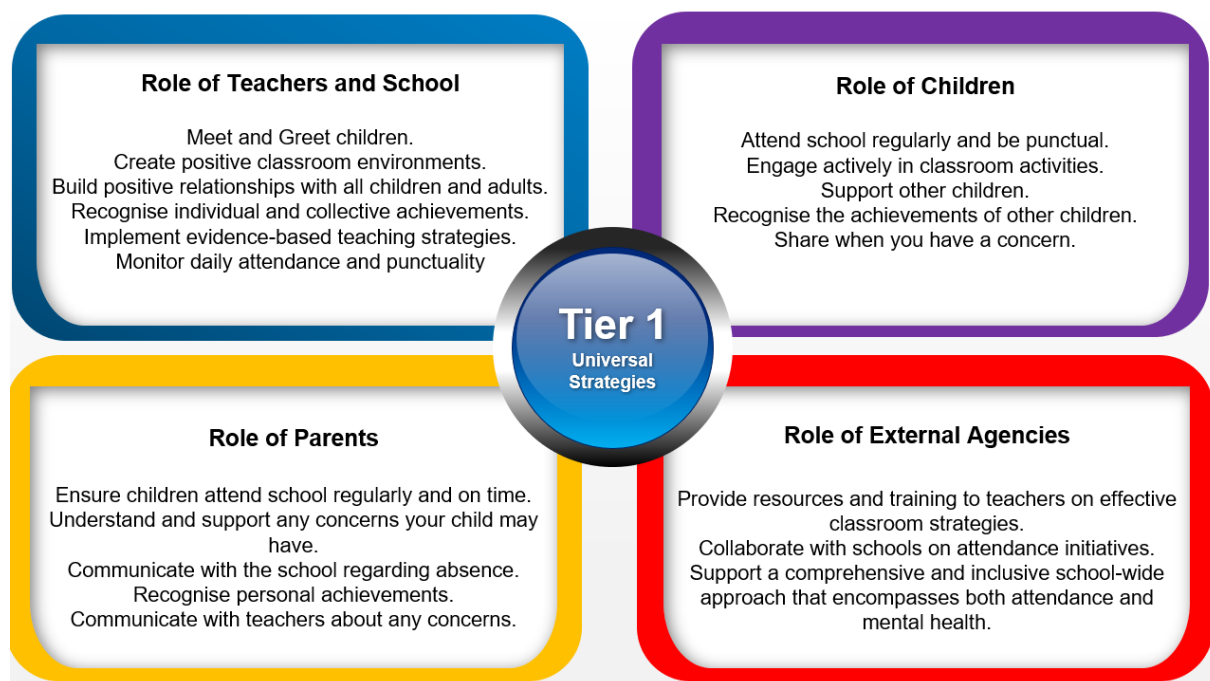

Data-driven decision-making and training requirements are pivotal to the implementation of the system.

The system aligns with the Department for Education's (DFE) "Working Together to Improve School Attendance" guidelines.

The tiered approach is linked to absence and attendance data for each child and the aim is for all children to be in school for the most possible days.

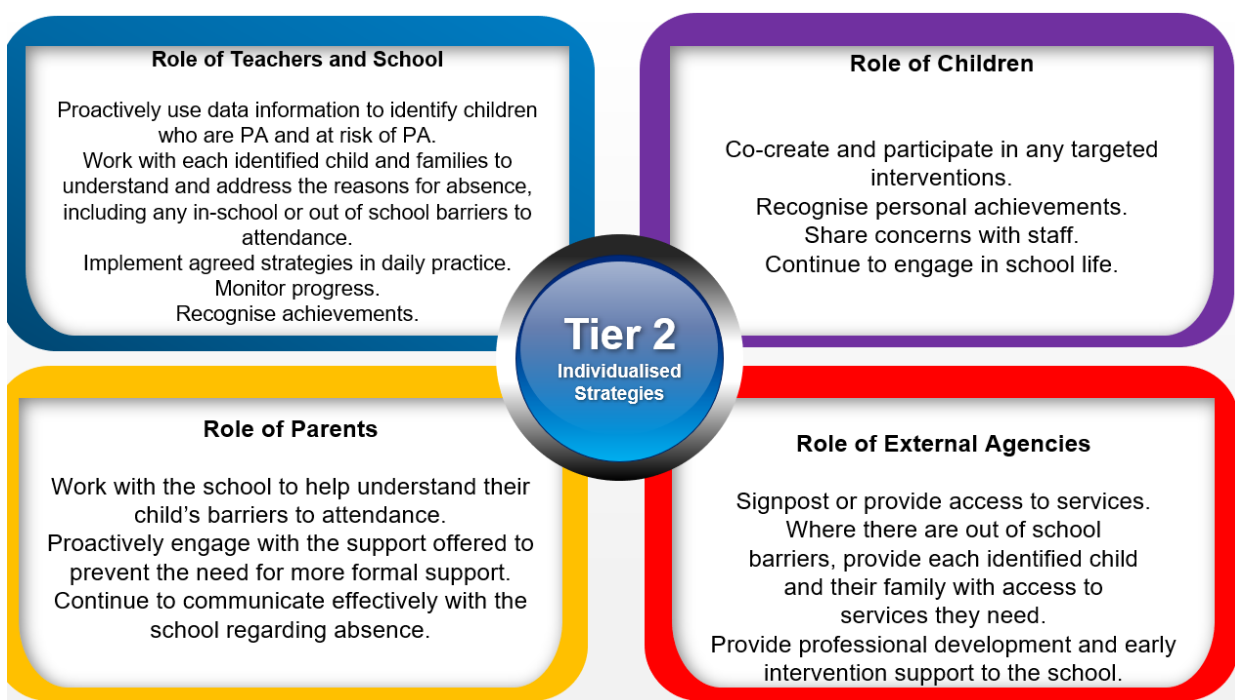

Tier 1 – this is for all children and promotes good attendance for all.

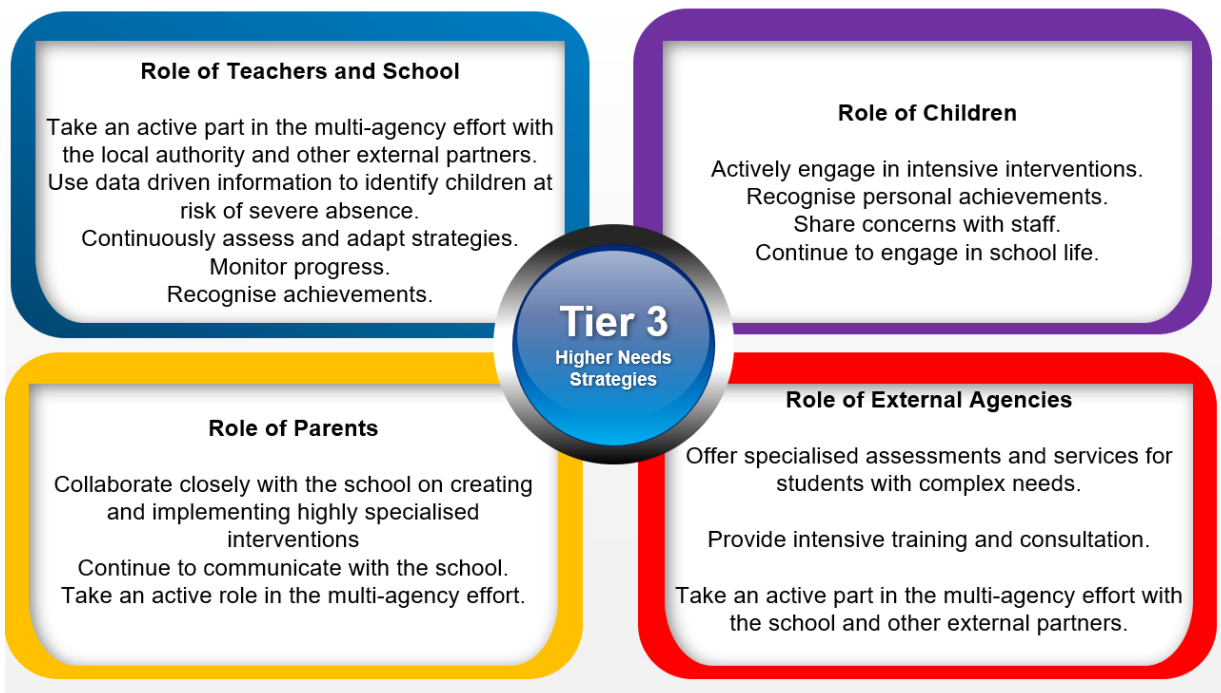

Tier 2 – children who are in the category of Persistent Absence (10-18 days). At 14 days of absence children and families are still able to turn this around to return to Tier 1 during the academic year.

The government uses the term Persistent Absence to refer to absence of 10% or more, whether authorised or unauthorised. There are of course, good reasons (especially illness), which make attendance at school sometimes difficult. Nevertheless, lessons missed cannot be repeated and ‘catching up’ on work is never as good as the original learning experience. Pupils with persistent absence are often unlikely to attain their full potential at school, are at risk of failing to stay in education and are more at risk of other negative outcomes. It follows that if schools and local authorities focus on this high-risk group, they will be in a strong position to make progress in the range of outcomes for children and young people for which they are accountable.

This category triggers daily phone calls from the school leadership team and a home visit will be considered on Day 1 of absence. Keresley Newland staff will aim to visit children with Persistent Absence by Day 3.

Tier 3 – children in the category of Severe Absence which is absence of over 19 during an academic year. Children in this section will have missed at least one month of their school year and this will have a negative impact on their education and future life chances. Children with Severe Absence from school will be likely to receive a home visit on Day 1 of their absence, and will be visited regularly by familiar school staff to support positive and continued relationships with school and to support families with returning children to school as soon as is possible. The purpose of all home visits is to support children with maintaining positive relationships with familiar school staff and support families in removing barriers preventing attendance wherever we can do. Home visits are stated as an expectations for schools in *Working Together To Improve School Attendance*. (p.14 DFE, August 2024)

Roles and Responsibilities:

Improving attendance is EVERYONE's responsibility. Improved school attendance can only be achieved if viewed as a whole school approach working in conjunction with families and the wider community. The school will endeavour to promote good attendance and punctuality through personal example. We will:

- Provide a warm and welcoming atmosphere
- Provide a safe learning environment
- Provide an empathetic response to any child's or parent's concerns

- Arrive well prepared for the day ahead
- Speak to an adult if they are experiencing difficulties
- Take increasing responsibility for their own attendance and punctuality as they move up through Key Stage 2 (older year groups) in preparation for secondary school.

Monitoring Procedures

Pupils who are in school every day find learning more satisfying and manage the demands of the school day in a more positive way. The school monitors the attendance of all pupils and uses a staged approach to address any issues. (Copies of the Tiered Approach Letters can be found on our school website).

<p>Whole school attendance is monitored at a minimum of every half term but more frequently as appropriate to the needs of the school.</p> <p>The whole school attendance target is based on an evaluation of the last 3-5 years previous attendance.</p> <p>Attendance is more closely evaluated of pupils whose attendance is below the whole school target.</p>

Children Missing Education (CME)

Warwickshire County Council has a legal duty to identify children missing education and to make sure that they return to education wherever possible. Schools are required to take appropriate action for children missing education. A referral to CME would be made when absent for 10 or more days, whereabouts unknown. The school takes all reasonable steps to locate in line with the guidance provided on the Warwickshire referral form.

Keresley Newland Primary Academy, as a Warwickshire school must:

1. Follow CME Guidance and Protocol. <https://www.warwickshire.gov.uk/childrenmissingeducation>
2. Report as CME at the point of 10 days absent, whereabouts unknown.
3. Work jointly with the local authority to establish the whereabouts of a child before deleting them from the school admissions register.
4. Notify the local authority within 5 days of adding a child's name to the admissions register at a non-standard transition point.

If the school has a concern that a child is missing education, the Head Teacher will make a referral to the CME Officer.

Religious Observance

Keresley Newland Primary Academy acknowledge the multi-faith nature of British society and recognises that on some occasions, religious festivals may fall outside holiday periods or weekends. Parents/carers are requested to give advance notice if they intend for their child to be absent for Religious Observations.

Leave of Absence:

The law states a leave of absence may only be granted by a school if an application is made in advance and if it considers there are exceptional circumstances relating to the application.

Expectations

- A leave of absence is granted entirely at the school's discretion. Permission for a Leave of Absence from a school may only be given by a person who the school's proprietor has authorised to do so (an authorised person).
- Schools must judge each application individually considering the specific facts and circumstances and relevant background context behind each request.

- Generally, a need or desire for a holiday or other absence for the purpose of leisure and recreation would not constitute an exceptional circumstance.
- Where a leave of absence is granted, the school will determine the number of days a pupil can be absent from school.
- When making an application for Leave of Absence parents are advised to give sufficient information and time to allow the Head teacher the opportunity to consider all the exceptional circumstances and to notify the parents of their decision. The school may also request further information on the application and supporting documentation where appropriate.
- It is advised that if the resident parent has not received notification or a response regarding the leave of absence application, it is their responsibility to ascertain if the leave is authorised prior to the start of the leave.
- The school can only consider applications for Leave of Absence which are made by the resident parent. i.e the parent with whom the child normally resides.
- Where applications for Leave of Absences are made in advance and refused, the child is expected to be in school on the dates set out in the application. If the child is absent during that period, it will be recorded as an “unauthorised” absence. Where a leave of absence is requested but additional days take either prior to or after the request, they may be considered as part of the leave of absence.
- Leave of Absences which are not made in advance cannot be authorised in line with legislation. This will result in the absence being recorded as ‘unauthorised’.
- All matters of unauthorised absence relating to a Leave of Absence will be referred to the Warwickshire Attendance Service of Warwickshire County Council. Penalty notices are issued in accordance with Warwickshire County Council’s Code of Conduct for Penalty Notices and in the first instance, as an alternative to prosecution proceedings.
- Where a Penalty Notice is not paid within the timeframe set out in that Notice, the matter will be referred to Warwickshire County Council’s Legal Services to consider instigating criminal prosecution proceedings under S444 of Education Act 1996.

Leave of Absence taken in the academic year 2024-25

The law relating to Penalty Notices changed with effect from 19 August 2024. Therefore, Penalty Notices issued for Leave of Absence taken from September 2024 will be issued in accordance with the updated legislation.

Penalty Notices are issued to each parent of each absent child, (for example 2 children and 2 parents, means each parent will receive 2 invoices – 4 in total).

- **First Leave of Absence Offence:** The amount of £160 to be paid within 28 days, this is reduced to £80 each child if paid within 21 days.
- **Second Leave of Absence Offence within a 3 year period (from the date of issue of the first penalty notice):** The amount of £160 paid within 28 days. No reduced amount.
- **Third Leave of Absence offence within a 3 year period (from the date of issue of the first penalty notice).** A Penalty Notice will not be issued and the matter will be referred to Warwickshire County

Council's Legal Services to consider instigating criminal prosecution proceedings under S444 of Education Act 1996.

Nursery, Early Years Provision & Reception

Whilst Nursery and Pre School children are not of statutory age the school's high expectations of attendance and punctuality still do apply. Legal sanctions cannot be applied to children not of statutory age; however, all other practices and procedures will be applied in order to ensure an early commitment from parents/carers towards their child's education and attainment.

The Improving Attendance at School – Charlie Taylor Report 2012 supports the importance of early years attendance monitoring. Therefore, the school will record the attendance of nursery age pupils in line with the DfE Attendance coding guidance.

Deletions from the Register:

In accordance with the Education (Pupil Registration) (England) Regulations 2006, pupils will only be deleted from the register when one of the following circumstances applies:

- The school is replaced by another school on a School Attendance Order
- The School Attendance Order is revoked by the local authority
- The pupil has ceased to be of compulsory school age
- Permanent exclusion has occurred and procedures have been completed
- Death of a pupil
- Transfer between schools
- Pupil withdrawn to be educated outside the school system
- Failure to return from an extended holiday after both the school and the local authority have tried to locate the pupil
- A medical condition prevents their attendance and return to the school before ending compulsory school-age
- In custody for more than four months (in discussion with The Youth Offending Team)
- 20 days continuous unauthorised absence and both the local authority and school have tried to locate the pupil
- Left the school but not known where he/she has gone after both the school and the local authority have tried to locate the pupil. Keresley Newland Primary Academy will follow Warwickshire County Councils Children Missing Education Protocol when a pupil's whereabouts is unknown.
