

Fairytale 2 Phase: Summer 2

What we are learning:

Mental Health and Well-being

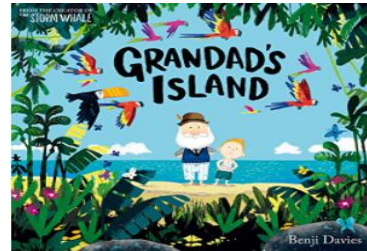

Children will be continuing to explore how to improve their mental health and well-being. We will also be learning to name the different parts of the body and thinking about some of the differences between males and females.

Writing

This half term we are using the story Grandads Island. Children will be working on editing their work and thinking about the choices they are making as an author. Children will be developing their use of vocabulary as well as techniques such as repetition for effect.

Children will also be reading and writing their own poems.

We are using FANTASTICS, Boomtastics and Grammaristics to help us write ambitious sentences

Science

We are learning all about the different ways to stay healthy. Children will be learning about the impact exercise has on our health and bodies. We will be learning about healthy food and will be grouping food into different groups. We will also be learning about hygiene. Children will carry out an investigation on how germs are spread and discover the best method for washing hands.

Design and Technology

This half term we will be taking photographs to create our own memories of the year.

Maths

This half term the children in Year 1 the children will be continue to develop their use of mental facts. We will be learning about **division** and thinking about how we can link it to our **fractions** learning on halves and quarters. We will also be learning to tell the **time** and introducing **money**. Children will be able to identify the different coins and notes and make small amounts in different ways.

In Year 2 the children will be consolidating continue with their learning about **multiplication and division**. We will also be learning about **fractions**, thinking about halves, quarters and thirds. Children will also learn about **time**. The main focus of this half terms Maths learning will be using all they have learn in Key Stage 1 to **solve problems**.

Children will continue to build on their Maths fluency within The 99 Club.

Geography

This half term we will be learning about the Caribbean. We will learn about where the Caribbean is, name the continents and oceans. Children will be researching the weather, buildings and food in the Caribbean and comparing it to our lives in Coventry. We will also be using our Geographic skill to draw our own maps.

PE

In PE this term children will be enjoying many opportunities to learn and move outdoors. This term will be using the Health and Fitness Learning Skills from our Real PE programme. Children will be using the balls skill learnt last half term to play team games.
